Advanced EEO Solutions, LLC

Capability Statement

Why Contract with 8(a) Certified Companies?

Federal Agencies get credit for the amount of work they issue to an 8(a).

51% of the firm is owned by a US Citizen that are socially and economically disadvantaged who are of good character that demonstrate potential for success.

Sole-Source contracting is less complex and more time efficient. A formal RFP is not required.

Congress shows vested interest in the 8(a) Program because of its effects on minority-owned & small businesses overall role in job creation.

Without the need to post an RFQ or RFP, working directly with the 8(a) firm is more cost-effective.

Applicants must be classified as a small business according to the SBA guidelines associated with the firm's primary NAICS Code.

Awards and Certifications

Success Story

Government Contracting Credential (GCC): Level 1
Government Contracting Credential (GCC): Level 2
SBA 2020 SC Subcontractor of the year award
Federal EEO Investigations (Title VII)
Federal EEO Counseling

SCORE, the nation's largest network of volunteer, expert business mentors, documented AES as a SCORE Success Story in 2021 for successfully transitioning to a prime contractor for Federal government contracts.

Testimonials from our clients

"Garrison, Today, we received two CDs for the above referenced ROI, both are bookmarked and searchable, in compliance with EEOC HECAPS order. Thanks for your cooperation in this matter. We do appreciate your diligently working to provide us the best service relating to EEO complaints. Please extend my appreciation to your production team."

– Kuldip Kang, EEO Manager, National Park Service

"Several members of our review team remarked that this ROI is an example of a perfectly drafted and assembled ROI! Thank you for your attention to detail!"

– Sheila Harrell, EEO Specialist

"Another excellent product. We appreciate working with you."

– Ron Hayes, EEO Specialist
